IMPORTANT INFORMATION

ACCIDENT INSURANCE INFORMATION (UPDATED FEBRUARY 2025)

In the event of injury, no accident or medical insurance cover is provided by the NSW Government Treasury Managed Fund for students participating in school sporting activities, physical education lessons or any other school endorsed activity, unless there is a breach of duty of care by department or school staff. The NSW Department of Education is insured to meet the financial impact of any legal liabilities arising from its activities. It does not provide, nor has it ever provided, accident or medical insurance for students enrolled in government schools.

Parents/Carers are advised to assess the level and extent of their child/ward's involvement in the sport program offered by the school, school sport zone, region and state school sport Associations when deciding whether additional insurance cover is required prior to their child/ward's involvement in the program. Personal accident insurance cover is available through normal retail outlets.

Parents/Carers who have private ambulance cover need to check whether that cover extends to interstate travel and make additional arrangements, as considered appropriate.

The NSW Supplementary Sporting Injury Benefits Scheme, funded by the NSW Government, provides limited cover for serious injury resulting in the permanent loss of a prescribed faculty or the loss of use of certain prescribed parts of the body. The Supplementary Scheme does not cover medical costs or dental costs. Further information can be obtained from <https://www.icare.nsw.gov.au/injured-or-ill-people/sporting-injuries/payments/#gref>. Further information regarding student accident insurance and private health cover is provided at: <https://app.education.nsw.gov.au/sport/file/1449>.

CONCUSSION MANAGEMENT (UPDATED FEBRUARY 2025)

When a student enrolled in a government school is diagnosed with concussion, the principal must be advised in writing as soon as the diagnosis is confirmed. Students may only return to sport and physical activity once a medical clearance has been provided to the school and, if at a school sport event, to the supervising teacher.

Any student that experiences a suspected concussion during a school endorsed activity will be removed from the activity and parents/carers will be advised that a medical follow-up is required.

If medical clearance is not provided, the student cannot participate in vigorous or competitive school sport or physical activities for 21 days from the concussion date.

PRIVACY NOTICE

The personal information provided on this permission note, will be used by the Department of Education for general administration and communication and other matters of welfare relating to your child at this event. The provision of this information is voluntary, but your child may not be able to participate if it is not provided. This information will be stored securely and may be amended at any time by contacting the team management.

PUBLISHING STUDENT INFORMATION

The Department of Education may publish or disclose information about your child for the purposes of sharing his/her experiences with other students, informing the school and broader community.

This information may include your child's name, age, information collected during this event such as photographs, sound & visual recordings of your child.

The communications in which your child's information may be published or disclosed include but are not limited to:

Public websites of the Department of Education including the School Sport Unit website at—<https://app.education.nsw.gov.au/sport/>—the Department of Education intranet (staff only), blogs and wikis.

Department of Education publications including the school newsletter, annual school magazine and school report, promotional material published in print and electronically including on the Department's websites

Official Department and school social media accounts on networks such as YouTube, Facebook and Twitter.

Local and metropolitan newspapers and magazines and other media outlets.

Parents should be aware that when information is published on public websites and social media channels it can be linked to by third parties and may be discoverable online for a number of years, if not permanently. Search engines may also cache or retain copies of published information.
